IMAGEPRINT BLACK for OSX
Convert a Trial Version to a Licensed Version

1. Launch **IPSetup** from your IMAGEPRINT folder and click **License**.

2. Copy and paste the license code number from the email you received during the Activation step. Click **Done**. Your IMAGEPRINT BLACK driver will now be listed as **licensed** in the IPSetup window.

3. Close IPSetup by choosing **Quit** from the IPSetup menu at the top of the screen.

RECOMMENDED

Before you make your first print, we suggest you read through "Making your first print with IMAGEPRINT BLACK" located in your IMAGEPRINT folder.

Additional Documentation

The complete IMAGEPRINT manual is a valuable reference for getting the most out of your software. You'll find a copy in the IMAGEPRINT folder (IMAGEPRINT Users Manual.pdf) or by choosing **Manual** from the IMAGEPRINT Help menu.
